Funding – some key points

Adults Skills Fund (ASF)

In response to the Department for Education’s consultation “Skills for Jobs: implementing a new further education and accountability system”, the ESFA has introduced a new Adult Skills Fund (ASF) which has replaced the AEB from 1 August 2024.

Learners will be eligible for ASF for the whole of the learning aim or programme if they are eligible for funding at the start, even if the duration is for over one year. You must reassess the learner for any further learning they start.

Maths and English

Under the Apprenticeship Skills and Children Learning Act 2009, all adult learners¹ in England are legally entitled to be fully funded for the following qualifications:

- English and maths up to and including level 2 for individuals aged 19 and over who have not previously achieved a GCSE grade A* - C or grade 4 or higher in these subjects, and/or
- Essential Digital Skills qualifications (EDSQs) OR Digital Functional Skills qualifications (FSQs), up to and including level 1, for individuals aged 19 and over, who have digital skills assessed at below level 1

Learners who meet the residency requirements and are below the earnings threshold criteria will also be fully funded for qualifications within the policy entitlements which include:

- Free courses for jobs
- L2 Local Flexibility
- ESOL

Not all qualifications in maths and English are fundable through Adult Skills. At Level 2, only Functional Skills or GCSE qualifications may be funded through the legal entitlement – although other qualifications/units could potentially be funded through ‘local flexibilities’ or other initiatives.

If you live in a Mayoral Combined Area (MCA) you may have different funding entitlements to the national model, including a different low wage threshold. Please contact us or your local MCA to see what’s available in your MCA area”

Qualifications in digital skills

The background of the slide features abstract green geometric shapes. A large, dark green triangle points upwards from the bottom left towards the top right. Overlapping this is a lighter green shape that also points upwards but from a lower position on the left. The top right corner of the slide is white.

	Digital Functional Skills qualification (DFSQ) at Level 1	61030673	4748-06	55	ASF Legal Entitlement	£462	Exam	These qualifications are designed to cover the five skills areas within the national standards: • Using devices and handling information • Creating and editing • Communicating • Transacting • Being safe and responsible online.

**Qualifications in employability
and personal/social skills**

The background of the slide is composed of several overlapping geometric shapes in various shades of green. A large, dark green triangle occupies the bottom right portion of the frame. To its left, a lighter green shape, possibly a parallelogram or a large triangle, is partially visible. Further to the left, there are more complex, overlapping shapes in medium and light green tones, creating a layered, abstract effect. The top half of the slide is a plain white background, providing a clear space for the text.
