About this manual

This form-fillable PDF apprenticeship training manual aligns directly to the Level 2 Painter and Decorator standard and provides coverage of the key skills. It is an invaluable supporting resource which will help learners, tutors and employers in understanding what is required of them as part of the on-programme learning.

In completing the tasks contained within the manual, which can be saved electronically, learners will gain first-hand experience of the standards required to become a painter and decorator.

The manual includes:

- step-by-step checklist for each task to ensure learners know what is required
- trainer information for each task to support tutors
- a guide on best practice use of the manual while on-programme
- a series of practical work-based tasks so that learners can practice and improve upon their skills.

The tasks should cover all the skills and behaviours required for the apprenticeship but the tasks do not need to be completed in the order given in the manual. Employers and training providers should feel free to assign the tasks in any order.

The tasks in this manual will also be available on Learning Assistant, City & Guilds' e-portfolio solution. Subscribers to the SmartScreen package may use the files on any e-portfolio of their choice provided that the SmartScreen subscription is maintained.
