How can SmartScreen help me?

SmartScreen materials have been designed specifically for each individual qualification, apprenticeship or CPD course. They have been developed to assist tutors, and others, delivering these courses to obtain the best possible results for their learners.

About this manual

Price: Email digital.solutions@cityandguilds.com for details.

Product code: SS0174-9304-L2

These form-fillable PDF apprenticeship training manuals align directly to the Autocare Technician standards and provide coverage of all the key skills. They support learners training to be automotive technicians and can be saved electronically.

There are two versions available aligning to 9304-12 and 9304-32. Please select the correct version according to which standard your learners are enrolled on.

The manuals provide learners with a range of practical tasks to apply their knowledge and skills to in preparation for assessment. They are designed to support formative learning, by allowing learners to track their progress.

The tasks:

- incorporate the apprenticeship standards into on-site activities
- repeat skills and cover a range of skills difficulty, to consolidate learning and support development throughout the apprenticeship
- allow learning to be tracked through checklists, reflective reports and employer/trainer feedback.

Subscribers to the SmartScreen package may use the files on any e-portfolio of their choice provided that the SmartScreen subscription is maintained.
